Details

Title:	H2020-EE-10-2016: Companies and R&D institutions experienced in accelerated and cost-effective deep renovation of buildings
POD Reference:	RDES20150914002
Summary:	A group of 3 Spanish complementary partners (a University, an engineering company and an architectural firm) is willing to submit a proposal to H2020-EE-10-2016: Supporting accelerated and cost-effective deep renovation of buildings. The goal of the call is to demonstrate and promote innovative processes and technical solutions leading to higher quality, faster and more cost-effective deep renovation of buildings. The group seeks partners experienced in this field to complete the consortium.

Details

Title:	H2020-MSCA-ITN-2016 – Industry partners sought with expertise in space technology and/or big data
POD Reference:	RDUK20151023001
Summary:	A UK university is building a consortium for a proposal to the H2020-MSCA-ITN-2016 call (deadline 12/01/2016) in order to establish an Innovative Training Network (ITN) with the goal of providing PhD training to exploit the upcoming data from the European Space Agency's Gaia mission. Industry partners with an interest in space technology and/or big data are sought to join the consortium.
